

# **CITY OF LINCOLN MAYOR RECOMMENDED FISCAL YEAR 2011-2012 BUDGET SUMMARY**

This summary addresses revenue estimates for all tax funds, expenditure information for all tax funds, and significant changes for each department from the previous year's budget for all funds.

All tax funds identify the following:

- General Fund
- Library Fund
- Social Security Fund
- Police and Fire Pension Fund
- Unemployment Compensation Fund
- Bond Interest and Redemption Fund

The funds listed above are in this classification because each receives property tax as a source of its revenue. However, they are not limited exclusively to property tax revenues. The term property tax revenue refers to the amount of revenue from property taxes that will be required to operate during the next fiscal year. The property tax levy rate refers to the rate that is levied upon property in order to raise the budgeted property tax revenue. The City Charter requires that a 10% surplus be added to the property tax revenue amount when the tax rate is determined. The 10% surplus is provided by appropriating only 90% of the property tax revenue that the levy rate will generate.

In addition to the tax funds referred to above, the following funds, referred to as tax subsidized funds in this summary, receive a portion of their funding via transfers from the General Fund. These are:

- Health Fund
- 911 Communications Fund
- Animal Control Fund
- Building and Safety Fund
- Lincoln Area Agency on Aging Fund
- StarTran Fund
- Workforce Investment Act Fund
- Snow & Ice Removal Fund

Interfund transfers are included in the Miscellaneous Budgets section of this book. There are also many funds contained in the operating budget that do not receive tax revenue. The Summary of Staffing and Operating Expenditures by Fund and Department on pages 6 and 16 of this section of the Mayor's Recommended Budget provide a complete summary of all funds included in the operating budget.

## **BUDGET OVERVIEW**

In January of 2008 the Mayor began a transition to Outcome Based Budgeting for the 2008-2009 fiscal year. This transitioning process continued in December 2009 with "CityStat" meetings with city department personnel and interested citizens. The purpose of these meetings were to evaluate indicators used to measure performance of City Departments in meeting desired performance levels toward achieving the City outcomes. Programs are ranked in four tiers, with Tier 0 being mandated programs, Tier 1 being the highest priority programs for City government to provide. In addition, an online budget exercise was conducted that more than 2,000 people participated in and an all day public discussion was held on the budget. The 2011-2012 budget process with City departments began in January of 2011 with the issuance of budget instructions.

The 2011-2012 Mayor's Recommended Budget complies with the State imposed lid passed by the 1998 Legislature in LB 989. Key provisions of the lid include:

- Appropriations from various revenue sources (property tax, motor vehicle tax, sales tax, in-lieu of tax, state aid, highway allocation fees) are limited to the greater of a 2.5% increase or the percentage increase in the tax base provided by real growth and annexations. The overall change in the tax base, including personal property and centrally assessed property is estimated at +0.58%. Capital improvements and debt service payments on voter approved bond issues are exempt from the lid.
- Costs associated with inter-local agreements are exempt from the lid. The City again excludes many inter-local agreements from the lid limitation.
- As a result of the 2010 - 2011 Budget and previous budgets, the City had \$11,286,374 of unused lid authority going into the 2011-2012 Mayor's budget process.

## **Personnel**

The net change in full time equivalents (FTE's) for all funds is a decrease of 34.81 FTE's. A more thorough explanation of changes in staffing is included in the PERSONNEL CHANGES ALL FUNDS section of this summary. Further detail is included in the SIGNIFICANT BUDGET CHANGES BY DEPARTMENT and SUMMARY OF STAFFING AND OPERATING EXPENDITURES BY FUND AND DEPARTMENT.

The 2011 – 2012 Mayor's Recommended Budget for all funds include the following program changes:

Significant program changes:

- Lincoln Electric System will assume energy and maintenance charges on streetlights and make a contribution to pay for debt service on the capital investment in street lights.
- Wheel tax revenue will no longer be used as a source of revenue for the Snow Removal Fund. Those funds will be replaced by a subsidy from the General Fund and the Wheel tax revenue will be reallocated to the Streets and Highway Capital Improvement Program (CIP).
- The Airpark Fire Station is closed.
- The Nature Center will close on weekdays during the winter.
- The contribution to the Lincoln Partnership for Economic Development is decreased from \$500,000 to \$300,000.
- The Retired Senior Volunteer Program in the Aging Division is eliminated, saving the City cost of \$136,737.
- Added \$1,239,832 of funding for the Police and Fire Pension Plan to fund normal cost and to provide funding to amortize the unfunded actuarial liability.
- A new Equal Opportunity Officer position is added in the Law Department.
- All libraries are only open on Fridays from 10 am -2 pm and are only open from 1-6 pm on Sundays, with the exception of Williams that is open Friday 4 pm and Sunday 2-6 pm. The Library is also instituting a reorganization of staff that results in the elimination of 5 upper-level positions, with necessary hours replaced at lower-level positions. Total savings from these changes are \$457,157. Overall, there are 10.22% less library hours than the 2010-2011 fiscal year.
- Added an Equal Opportunity Officer in the Human Rights Division of the Law Department (\$83,000).
- StarTran service is reduced four hours on Saturdays. (\$212,000)
- A reorganization of functions in the Finance Department allows the Budget Officer position to not be funded in the 2011-2012 Mayor's Recommended Budget. (\$126,140)

Some revenue changes involve fees charged for City services. Without periodic increases in fees, amounts collected, or other revenue adjustments, inflationary and other cost increases would need to be covered by additional property tax revenue or the levels of service provided would need to be reduced. The adequacy of fees charged for City service cost recovery is examined each year and some fee increases are included in each annual budget.

**PROPERTY TAX**

The 2011 – 2012 Mayor’s Recommended Budget utilizes \$4,252,879, or +10.34% change in property tax revenue than the 2010 – 2011 Budget. The tax base is projected to increase 0.58% over the tax base for the 2010-2011 Budget. The tax rate for 2011-12 for the Mayor’s Recommended Budget is 0.31580 per \$100 of assessed valuation. The following table illustrates an example of the impact of the 2011-2012 Mayor’s Recommended Budget on the property tax rate and property tax paid for City services on a property valued at \$150,000. This assumes no change in the value of the \$150,000 example property from the prior year due to revaluation by the County Assessor.

**SALES TAX**

Sales tax revenue budgeted for the 2011 - 2012 fiscal year represents a 4.15% increase over the amount budgeted for the 2010-2011 fiscal year. As of June 2011, current year actual collections are running 4.67% ahead of the same time last year and 2.54% ahead of projections. The amount projected for the 2011 – 2012 fiscal year represents about a 2.00% increase over the amount projected to be collected by the end of the 2010-2011 fiscal year.
